## Mission Statement

Our mission is to provide comprehensive support to international students studying in Adelaide, helping them to overcome the challenges of settling into a new country and culture. We aim to be the bridge between students and their new environment, providing a range of services that help them feel welcome, comfortable, and confident during their studies. Our services include assistance finding suitable accommodation, setting up bank accounts and phone numbers, and introducing students to the city and their local area. We believe that by providing personalized assistance and support, we can help students overcome the culture shock that often leads to dropout rates. Our goal is to ensure that every student who comes to Adelaide has the opportunity to achieve their academic and personal goals while experiencing the best of what Australia has to offer.
